

What People Are Saying...

First Stride/First Things First Training and Clinic Norton Rehab Louisville, Kentucky With Center for O & P Care

“Fantastic! Please come back! Positive speaker, great staff, very positive experience. LOVE the fall perspective Very Important”
Kelly Reitz, Amputee

“Found the fall treatment to be very helpful. The demonstration helped to assist my knowledge. I am a recent PT graduate and I think it would be helpful to have the clinicians also practice the fall treatment. Just so we know what the patient will experience. I have an interest in working with the amputee population, but have not been fortunate enough to have the opportunity to work in this particular field. This course has again inspired me and encouraged me to keep on with my educational and career pursuits. Thank you for offering this course”
Suzette Austin, PT, DPT

“Lecture was interesting and well put together. I am able to use the information for treatment approaches”
Penny Smith, PTA

“I learned good things to pass on to patients and to utilize in treatments. Presenter was entertaining and engaging. Very well done!”
Nancy Marshall, PT, DPT

“Would definitely attend again. Very helpful”
Mike James, Amputee
